

Bits and bit holders

Product information

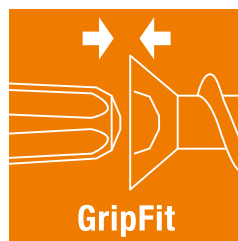

General

- Branded bits - especially made for HECO
- High durability

HECO-Drive

- Patented proprietary system comprising of screw and bit
- Permits single-handed operation even with stainless-steel screws thanks to the GripFit effect
- Optimal force transmission
- Reduced risk of corrosion in the screw head thanks to the reduced bit abrasion
- Practical color-coding system for the drive sizes
- Guaranteed complete compatibility with the T-Drive (screws and bits)

For HECO screws with HECO- und Pozi-Drive
