

## ERP Connect

Retailers

### Regular information updates

With ERP Connect, you, as a retailer, can always access the most up-to-date sales-related information from the manufacturer – i. e. availabilities, delivery dates, individual prices, promotional prices and product information. It's really simple – all you have to do is send your inquiry to nexmart. We'll then provide you directly with the information you need. This enables you to complete an order process, instantly.

### Features at a glance

- Make your latest sales-related information available:
  - Availabilities
  - Individual prices
- \* Functional scope depends on the manufacturer's available connection:
  - Promotional prices
  - Delivery dates
  - Product information / order numbers
  - Direct posting to the ERP system

### Your benefits

- The latest information is always available
- Your order processes can be completed, instantly
- You can provide better advice to your customers
- Increases efficiency
- Your workload decreases
